\_\_\_\_\_ Registered No: \_\_\_\_\_

Signature of Exporter: \_\_\_\_\_ Date: \_\_\_\_\_

**CERTIFICATE 'A'      TO BE SIGNED BY A VETERINARIAN**

I certify that I have today examined the dog identified to me as the above and that it has two apparently normal testes fully descended and in the scrotum.

Signature: .....

Address: ..... Date: .....

**CERTIFICATE 'B'      To be signed by the vendor when the dog does NOT have two apparently normal testes fully descended and in the scrotum.**

I certify that the prospective owner of the above dog has been informed that the testes are not fully descended and in the scrotum and that with this knowledge, he still instructs me to export the dog. I attach evidence to this effect.

Signature: ..... Date: .....

**NOTE:**                      In the event of a dog not being 'entire', the Export Pedigree will be endorsed to that effect.
