

Dear Dogs NT Members

My Name is Nicky Clark

I am standing for a position of councillor at this year's AGM.

I have lived in the Territory since a very small child. My entire childhood was being "the kid in tow" following my parents to dog shows, obedience and tracking. I have kept up the tradition well into my adult years. Venturing to my own breed the Staffordshire Bull Terrier. My passion for this dog in all its form means, at any point I can turn from showing, to obedience to agility.

I am a small business owner and have a passion for business development and business marketing. I have taken old struggling businesses and turned them around. I have started businesses from the ground up and made them successful ventures. I am very much aware that nothing is an overnight success without hard work & dedication. Success requires, patience, perseverance, failures, and triumphs. This is me..... while I may not get it right the first time I will learn, improve, and get it right. I am a quite achiever.

I am currently the Treasurer for the Darwin Ladies Kennel Club and have over the years been on various committees.

Whist I have been on the sideline and on the **end of the lead** for many many years I will come into council from an "end user" perspective. I will give my honest opinions, ideas and support for growing Dogs NT into the future.

Thanks for considering me.

Kind regards  
Nicky Clark
