Notes to the Financial Statements

for the year ended 31 December 2024

1. Summary of Accounting Policies

The accounting policies adopted by the Association are stated in order to assist in a general understanding of the financial statements. These policies have been consistently applied except as otherwise indicated.

Reporting entity

The association is not a reporting entity because in the Council's opinion there are unlikely to exist users who are unable to command the preparation of reports tailored so as to satisfy all of their information needs, and these accounts are therefore "special purpose accounts" that have been prepared solely to meet the requirements of the Constitution and the *Associations Act*.

Accounting policies

The financial report has been prepared under the historical cost conventions and does not take into account changing money values except to the extent that they are reflected in the revaluation of certain assets.

In order for the financial report to present fairly the state of affairs of the Association and the results of the Association for the year, Australian Accounting Standards have been adopted to the extent disclosed in this note.

Depreciation of property, plant and equipment

Items of property, plant and equipment are depreciated over their estimated useful lives using the straight line method.

Income tax

The Association is of the opinion that it is not subject to income tax.

2. Land

The Association owns no land.

This land is not prescribed property.

Or

This land is prescribed property and:

(a) was obtained as a grant for *[insert value of grant]*;

Or

(b) was purchased for *[insert purchase price]*
